

SCIDES ACADEMIC PROGRAMING

MIDDLE SCHOOL: PROGRAMMING SCHEDULE

SCIDES PRINCIPAL: DAN DUNCAN
DIRECTOR OF PROGRAMMING: CORY HART
TEACHER: TBD

General Overview:

- Blended Academic Learning model which is specifically tailored to the learning modality of the academy cohort
- Blended refers to a mixed learning style of online and face to face which effectively integrated results in “Best Practice” model for student learning
- Is the entire grade curriculum covered, yes ... but our way! Our program is tailored to engage student learning in various facets that will provide key foundational skillsets in Numeracy, Literacy, Science, and Applied and Executive Functioning skillsets
- SCIDES prides itself in designing programming specific to the cohort or individualized athlete. Our strength is in our past demonstration of effective instruction in an online platform, reinforced with classroom tutorial instruction and assessment

COHORT ONLINE LEARNING

- Like a brick-and-mortar classroom . . . the online cohort has structure in the form of lesson delivery, assessment material, meeting achievement benchmarks with the unique ability to demonstrate learning in multiple forms
- Our effective blended online cohort program is designed to dovetail with Rink's training schedule and hockey programming
- Cohort learning builds academic inquiry and trust between teammates
- Blended Cohort online learning provides a unique, dynamic learning experience that allows all learners to move fluidly through the educational programming at a pace that meets the cohort's needs, without diminishing the value of effective learning to each child
- SCIDES online cohort learning is flexible, allows learners to catchup if instruction is missed, is accessible 24-7, is inclusive to all, provides multiple learning opportunities for the concepts to connect, allows enriched learners to jump ahead or dive deeper into their learning
- Promotes self, team, group and team-based learning

OUR VISION

- Our Academy programming grew from a vision to provide top youth athletes with an elite BC public school academic program
- We view the athletic-academic partnership as a vehicle that engages the learner to set, strive, and obtain goals as a cerebral, elite athlete
- Our program gives crucial time back to the learner so they can build skillsets key to on ice and in the classroom performance
- We are 1 of a handful of BC online schools that is provincially licensed . . . meaning our students can obtain their learning from any corner of the planet.
- This is crucial to WHL, BCHL and other regional leagues where former academy players move on to play junior hockey, but continue their studies with us in achieving their BC High School Dogwood
- We work with BC Alpine ski clubs, BC Figuring Skating clubs, Fraser Valley Soccer and Tennis clubs, BC Volleyball, the WHL, BCHL, BC Jr. B hockey, minor hockey athletes

WE GRADUATE ATHLETES

- WHL – currently educating players PA Raiders, Regina Pats, Spokane Chiefs, PG Cougars, and Kamloops Blazers
- BCHL – currently educating players with Alberni Valley, Nanaimo Clippers, PG Spruce Kings, Surrey Eagles, Merritt Centennials
- Jr. B Leagues – VIJHL, KIJHL, GMJHL
- NCAA academic proven track record
- Canadian Collegiate proven track record
